**Sub: Invitation to receive "Amity Corporate Excellence Award" during our International Business Summit (INBUSH) being organized in February 2008**

**Dear Mr. Raheja,**

At Amity International Business School, we are proud of our tradition to accord special honor to organisations and corporate leaders which have excelled in their respective domains and have outshined other companies because of their distinct vision, innovation, competitiveness and sustenance.

Anger, fear, greed, insecurity and lethargy – these are undoubtedly a few negative symptoms which regularly appear in many of us; thus making our lives stressful and less efficient. With increasing work pressures; happiness, calmness, satisfaction and security elude us; thus making it essential to discover means of increasing efficiency by decreasing stress.

In the midst of the need to overcome such negativities, we are indeed fortunate to have a successful person like you among us. We, at Amity International Business School, have done extensive research on how to become more effective through appropriate cross cultural values, attitudes, leadership and self awareness. In this process, we have also meticulously studied various Indian and International Companies across 20 different sectors. The study was backed by the information available from recognized primary and secondary sources. The data was compiled and the companies were nominated for "Amity Corporate Excellence Award".

Based on our analysis, Amity feels proud to announce that **Raheja Developers Pvt. Ltd.** has been bestowed with "**Amity Corporate Excellence Award**". The award will be given on **20th February 2008** at **1600 hrs** during our **Tenth International Conference-INBUSH (International Business Horizon) 2008**, which we believe is the best platform to further our journey of contentment and enlightenment. We are proud to host this unique, annual and internationally acclaimed event on **20th-22nd February 2008** with a focus on "**People, Passion, Patience, Perception and Peace – Challenges for Global Organisations**".

It is indeed our sincere appreciation for your present position of excellence that has prompted us to sincerely invite you to our campus to receive one of the most prestigious awards of our institute and motivate, spark and inspire our budding young managers during this conference. We are also confident that your participation will allow the sparkle of your distinguished mind to help people bid farewell to all negative aspects of life and transform themselves into positive personalities by giving them guidelines for self renewal.

We request you to send back your confirmation at [inbush@abs.amity.edu](mailto:inbush@abs.amity.edu) at the earliest so that we can make suitable arrangements to welcome you personally during the conference.
